

## Introduction to DALI®

This is a one day session aimed at those who have little or no experience in lighting control and in particular DALI as part of the **Certified eLighting™ Partner** accreditation process.

Subjects covered –

1. Introduction to lighting
2. Control technology general
3. DALI Basics
4. DALI Application
5. DALI Practical
6. DALI Integration in Building management

This course offers an introduction to key aspects of lighting and DALI. The material might also suit those who wish to have a refresh of their existing knowledge.

This course material is delivered in English by the Business Development Manager for TridonicAtco Ltd.

Non residential course costs 1,000.00GBP for up to a maximum of four attendees and additional 250.00GBP per person in excess of four people. Excludes VAT and additional travel or venue costs.

**DALI®** is the registered trade mark of DALI-AG.

We reserve the right to make changes without notice to any course material herein and provided as part of its continued product development and improvements. We do not assume any liability arising out of the application or use of any information provided herein.
