

## Teng becomes a US Certified eLighting™ Partner

---

Control Network Solutions Ltd (CNS) is pleased to announce the addition of Teng to the growing number of worldwide **Certified eLighting™ Partners**. **eLighting™** enables these partners to deliver highly sophisticated entirely web based "Open" standards lighting control solutions.

CNS is the creator of **eLighting™ for Niagara AX™**. This is a product suite of software and hardware that enables the direct connectivity of Open standard DALI® intelligent lighting devices to hardware platforms running Tridium's Niagara AX Framework®, a software framework that integrates diverse systems and devices - regardless of manufacturer or communication protocol - into a unified platform that can be easily managed and controlled in real time over the Internet using a standard web browser.

Thomas J Lohner, Vice President of Teng, says:

"Teng has been designing and implementing open standards based building control systems since 1995 and is very excited to be able to add DALI based dimmable - addressable lighting control systems using **eLighting™** technology to our cadre of open systems offerings. We believe the US market is very poised to receive this technology, and to that end, we recently incorporated the **eLighting™** products into our Federal Supply Schedule to offer this open Tridium Niagara based solution to all our Federal Sector Customers. Achieving Integrated and Intelligent building systems is now affordable and easy to accomplish across HVAC, lighting, power monitoring and security sub-systems using the Niagara Framework as the common denominator".

### End users of eLighting™ for Niagara AX™ benefit from:

- 1) Reduce energy wastage, lower cost of energy and ownership
- 2) Comply with the latest and future Building Regulations
- 3) Smarter integration and user experience
- 4) Suitable for both new and retrofit

For further information on **eLighting™** visit [www.control-network-solutions.co.uk](http://www.control-network-solutions.co.uk) and on Teng, visit [www.teng.com](http://www.teng.com) contact Tom Lohner, VP Teng, Email: [lohnertj@teng.com](mailto:lohnertj@teng.com), Tel: + (804) 474 4550

**eLighting™ is the trade mark of CNS's Niagara AX™ DALI® lighting commissioning, control and management products and solutions.**
