

Control Network Solutions

OPENING NETWORK FRONTIERS

eLighting™ for Niagara AX™ presented at

Tridium Inc held its first major Asia Pacific event in Hong Kong for at the beginning of November 2008. Tridium Partners from the region came together to hear the latest Niagara AX™ and Sedona product development news, present their solutions, developments and project stories.

CNS's Richard McElhinney presented and demonstrated our **eLighting™ for Niagara AX™** solution over three separate days. **eLighting for Niagara AX** enables an intelligent DALI® lamp (Ballasts and Inverters) to be directly connected to a Niagara AX platform and enable seamlessly from within Niagara AX the ability to:-

- ◆ Commission DALI devices
- ◆ Create sophisticated light control, simply with pre-written control

Manage a lighting network both system wide and at individual level

- ◆ Tridium Partners throughout the region immediately saw the benefits of this solution in:-
 - ◆ Reducing installation and Commissioning costs
 - ◆ Reducing and manage energy consumption
 - ◆ Reducing and manage CO₂ emissions
 - ◆ Reducing and manage maintenance costs
 - ◆ Improved sustainability
 - ◆ Supporting BREEAM, ECA, LEED and their regional equivalents
