

Control Network Solutions

OPENING NETWORK FRONTIERS

UK Government makes it easier to invest in [CNS's elitedali™](#) entirely web based intelligent lighting solution

With lighting in Commercial premises* accounting for more than 30% of the total electrical load, if you want to reduce the amount of electrical energy consumed by your lighting system by up to 75% you need a fully automated lighting solution. Then here's a great offer from the Carbon Trust.

They are offering [0% business loans from £3,000 – £100,000](#) in Wales and Northern Ireland to help replace old, inefficient equipment with new, more efficient alternatives.

Commercial Property Developers/Owners/Users

The Carbon Trust also offers leases, loans and other financing options from £1,000 upwards with no maximum to all types of organisations. New, more efficient equipment should lower energy bills and with payments calculated so that they are offset by the anticipated energy savings, the financing option is designed to pay for itself. Click here for more details.

Niagara AX System Integrators can Apply now and increase sales

You can apply for Energy Efficiency Financing from Carbon Trust Implementation and Siemens Financial Services on behalf of your customers. Our scheme helps your customers to cut costs and save energy and it enables you to close more deals.

So what are you waiting for? Call the Carbon Trust now on 0800 988 3718 or [visit the website to apply](#).
